Alumni Spotlight

Congratulations! Tim Purdon '94 has been sworn in as North Dakota's U.S. Attorney. Purdon was sworn in Tuesday by U.S. District Court Judge Daniel L. Hovland in chambers at the William Guy Federal Building
in Bismarck.

In a recent interview, Purdon discussed how Hamline University School of Law prepared him for public service and the outstanding quality of his legal education at Hamline. Purdon said "[y]ou can't go to Hamline Law School without graduating with some sense of the idea that the law is a vehicle to help people and that is something I took from my education." He strove for the job as U.S. Attorney to take public service to a broader level. Purdon went on to say that he had phenomenal law professors at Hamline and that he still thinks back to his first-year lectures, a testament to the quality of the faculty at Hamline Law School.

Purdon was born in Oakes, North Dakota, and graduated from high school in Ashby, Minnesota. He is a 1989 graduate of North Dakota State College of Science, a 1991 summa

passage rates, the amount of debt a typical student graduates with, if employment rates are above 85% within the nine months after a class graduates, and the in-state tuition cost of attending the institution. A more thorough ranking and explanation of the publication's system will be available in the fall print copy, which is set to come out in October.

Please Help Us Meet Our Goal Of 150 Mentors By September 1, 2010!

As mentioned in previous newsletters and correspondence, we are excited about our new mentoring and facilitated networking program, HUSLink. We hope to launch this program to students as school begins this fall, but before we can do so we need to reach a critical mass of mentors.

If you are interested in learning more and/or participating, please take 5-10 minutes to check out more, and REGISTER NOW! Thank you for your help in reaching our goal and further building the Hamline law community and network!!!

We also invite and challenge each of you to recruit 2 friends or colleagues to join the network - it is open to all attorneys, not just Hamline graduates, worldwide!

Join the Richard T. Oakes Inn of Court

Each year, the Inn invites lawyers, and students to participate as "pupils," during the next academic year. Eligible students should be in their last year of law school (e.g. third-year full time students or fourth-year part-time students). Lawyers need to be admitted to the Minnesota Bar and in good standing.

The Inn meets approximately once a month, September through May, both to "break bread" and to hold programs, skits and discussions on the legal profession. CLE credit is given to those in attendance and those who prepare and present the programs. Membership is designed to have a balance of lawyers from different experience levels that will work with each other and with law students in order to provide mentoring and assistance in getting started in the practice of law. Members build friendships and gain perspective from one another in an open, friendly social setting.

If you are interested in joining, please contact Beth Snyder, Membership Chair.

Law Student Volunteers Available

Please consider having a HUSL student volunteer to assist you with your pro bono work. Utilizing law student volunteers is a win-win situation. You get free assistance, while the students gain real life legal experience. The students also benefit from observing how a private attorney fits pro bono work into their practice.

The students can assist with a number of tasks, including research and writing, investigation, and interviewing witnesses. After their first year, the students can even making court appearances as a certified student attorney.

If you would like more information, or would like to find a law student volunteer, please contact the Minnesota Justice Foundation (MJF) staff attorney at Hamline, Sara Schwebs.

Mentors choose the types of experiences they would be comfortable and qualified to offer or discuss with protégés. Protégés may search and contact these different mentors, depending on circumstances and needs. The HUSLink program is also flexible in terms of format; following initial contact via email, it allows mentors and protégés to determine how to best proceed.
