

DRAFT FULL SYLLABUS
LEGAL RESEARCH AND WRITING I
FALL SEMESTER 2010

Legal Research and Writing Faculty, TBA
Section C: M, W 11-11:50 a.m. (Moot Court Room)

Introduction

Welcome to Hamline University School of Law and to Legal Research and Writing I (LRW I), Fall Semester of 2010. This syllabus covers the basic course requirements and the weekly sequence of classes, readings, and assignments for the fall semester. You will receive the syllabus for LRW II (Spring Semester, 2011) toward the end of this semester, and you will also take that course with the same instructor. The faculty member who will teach this section of LRW is still being determined and will be announced as soon as the information is available. If you have any questions before the announcement, please feel free to contact Mary Trevor, the Director of the Legal Research and Writing Department, in person at her office, 306D; by phone at 651-523-2487; or by email at mtrevor@hamline.edu. During the summer, email is best.

Please be sure to also review the course Student Manual, which will be posted when available. It covers, in detail, the course requirements and information for both LRW I and II, including, among other items, the course goals and assignments, the attendance policy, the format and submission requirements for graded assignments, the ethical and conduct requirements, the penalties for late submission of assignments, the grading criteria for assignments, and the calculation of semester-end grades.

Please note that this syllabus is only a draft. The final version of the syllabus will be distributed in hard copy, along with hard copies of the Student Manual and a short, quick-reference version of this syllabus, in the first class of the fall. Materials will also be posted on a TWEN site, which is discussed in more detail below.

Communication

Once the semester starts, your instructor will post office hours, and will be otherwise available by email, phone, or appointment. During tutorial and grading periods, office hours will be more limited than usual, but you are welcome to phone or email to ask questions or set up an appointment.

During the school year, you will use an online TWEN (The West Education Network) site to view course materials, do sign-ups for course activities, and submit certain class assignments. Please register on your instructor's TWEN site **as soon as** you receive your Westlaw password

during Orientation, and remember to check the site and your email regularly so you do not miss any important information. If your email changes, please be sure to update your registration.

Your instructor will also be working with a Teaching Assistant who will help out with class, hold office hours, grade some assignments, and generally be available for questions. You will meet the Research Assistant and receive contact information at the start of classes.

Professionalism and Personal Technology Use

Please take special note of the section in the Student Manual that addresses Professionalism. It is the school's hope and expectation that all students will comport themselves professionally.

Misuse of technology has special potential to raise professionalism problems. Laptops are allowed in the class, and you will use them for various exercises and to access resources. But misuse of technological devices—laptops and others—can be distracting to your classmates and me. Accordingly, during class, in addition to practicing the usual courtesies, please refrain from using your laptop by engaging in such activities as visiting web sites that the class has not been instructed to visit; displaying wallpaper, screen savers, or other material that can reasonably be expected to offend or distract your classmates; and instant messaging, emailing, blogging, tweeting, or other social networking. Please also refrain generally from using technologies to engage in communication activities such as texting, phoning, or using pagers. Failure to abide by this policy may result in the loss of the privilege to use the technology in question during the class where the violation occurred; repeated violations may result in additional sanctions, including point deductions, within your instructor's discretion.

Textbooks and Textbook Suggestions

The following texts are **required** for LRW I:

The Bluebook: A Uniform System of Citation (Columbia Law Review Ass'n et al. eds., 19th ed. 2010) ("Bluebook" or "BB")

Linda H. Edwards, Legal Writing: Process, Analysis, and Organization (5th ed. 2010) ("Edwards")

Anne Enquist & Laurel Currie Oates, Just Writing: Grammar, Punctuation, and Style for the Legal Writer (3d ed. 2009) ("Just Writing")

Tracy McGaugh & Christine Hurt, Interactive Citation Workbook for the Bluebook: A Uniform System of Citation (2010 ed.) ("ICW")*

The release of the ICW books this year will be delayed so you will not be able to get them in the bookstore before classes start. You will receive updated information when classes begin.

Amy E. Sloan, Basic Legal Research: Tools and Strategies (4th ed. 2009) ("Sloan")

*Use of the ICW requires you to access the LexisNexis website. You will receive a LexisNexis password during Orientation at the same time you receive your Westlaw password.

Suggestions about Required Textbooks: Because they are year-old editions, you may be able to purchase used copies of Sloan and Just Writing. While the Edwards book is in a new edition, much of its content is the same as that in the Fourth Edition, so you may be able to get by with purchasing a used copy of the Fourth Edition. You will, however, need to buy the new editions of the Bluebook and the ICW because the new editions involve substantial changes from the old. Be sure to hang on to all the books at the end of fall semester; you will continue to use them for later semesters in the course.

Suggestions about Recommended Textbooks: You will see recommended textbooks listed at the Bookstore and in our Student Manual. While you certainly may purchase any that might appear to be particularly helpful for you, do not plan to buy any of them automatically. Mary Trevor or your instructor would be happy to consult with you about any purchases you are considering. Once the semester starts, your instructor might recommend a particular book if it might be helpful for you, but even then you are not required to buy anything for the fall beyond the required books listed in this syllabus.

Syllabus Pointers

As you will have noted on your schedule from the Registrar's Office, class is scheduled to meet for two hours per week. But the actual scheduling in any given week may vary due to other course activities, such as guest lectures or workshops, tutorials, and simulations. So please check the syllabus carefully each week and do not assume any particular meeting schedule or place. If any syllabus changes come up, they will be announced as far in advance as possible.

Writing assignments. The major assignments of the semester—the Closed Memorandum and Research Memorandum—should be submitted to the Registrar's Office by 11:00 a.m. on the due dates. Please time stamp each assignment envelope in the machine in the Registrar's Office. In addition, please email your instructor an electronic copy of your assignment by 11:00 a.m. on the due date. You will receive directions in class for the submission of other assignments.

Reading assignments. Please do the required reading assignment before the class for which it is assigned. You may need to come back to early reading assignments over the course of the semester to get full benefit from the reading. You will be held responsible for information in the reading that we do not cover in class, including information on grammar, punctuation, and legal citation. Except in the ICW, where both reading and

exercises are required, you need not complete exercises in the text unless specifically assigned.

Citation Exercise assignments. For each citation exercise, you are required to read through the applicable chapter of the ICW, review the accompanying rules in the Bluebook, and then complete the online exercises. The online exercises can be found at <http://www.lexisnexis.com/icw/>. You will be required to complete 9 citation assignments. Generally, you have one week to complete ICW exercises, and they are due by class time on Monday, unless otherwise specified.

Research Exercise assignments. You will be required to complete 9 research assignments. These assignments will be accessed online. Generally, you have one week to complete research exercises, and they are due by class time on Wednesday, unless otherwise specified.

Grading

You will receive grades for the following assignments during the fall semester: One Case Legal Analysis Exercise, Closed Memorandum, Research Memorandum, mandatory tutorials, Research Exercises, Citation Exercises, and the Research and Citation Exam. Please see the Student Manual for more information about grading.

Your instructor will announce in class when and how the graded written assignments will be returned to you. After you receive your graded assignment, please review the comments carefully: you are responsible for taking them into account for later assignments, and may be marked down on the later assignments if you do not. Therefore, if you have any questions about my comments, please be sure to meet with your instructor to go over them.
